

Creader Professional 229

Maintenance and Service, By One Tool

Full System Diagnosis, Flexible Operation

LAUNCH

Create - Change

CRP – Creader Professional, meaning a more professional code reader, is a small-sized diagnostic tool developed by LAUNCH to meet more profound diagnostic demand from DIY market. Based on Android OS, and integrated with OBD&EOBD standard protocols and basic diagnostic functions of all car systems, it makes diagnosis and maintenance easier and cost even less. With the function of Engine Oil Reset, ABS Bleeding, etc., CRP229 becomes the truly professional fault code reader for DIY market and small-sized repair shops. It is a great helper for maintenance and service.
